Welcome to the December 2005 edition of the Radio HF Internet Newsletter, gift-wrapping up our 7th year of publication and distribution. I would like to welcome our new subscribers joining us this month. As usual, we have a selection of links to web sites which I hope you will find informative and entertaining.

Snow has arrived here in Montreal and things are beginning to look a lot like Christmas. This is a season for family and friends, getting together and enjoying the festive season. I'd like to take this opportunity to extend Season's Greetings to our thousands of subscribers around the world. Let the holidays be a peaceful and happy time for each of you, and remember those less fortunate than you.

WEBSITE OF THE YEAR A REMINDER

Last month I asked everyone to consider voting for your choice for the "Website of the Year". It could be the one site you used the most, or perhaps the most creative, innovative or informative site you found throughout the year. We have already received a number of votes. If you haven't already voted, you will have one more month to do so. Please send it along to hfnewsletter@yahoo.com. We'll have the results in the January 2006 edition.

This month's Special Zone will include, as usual each December, a number of sites related to Christmas. Some are new and some are annual favourites which we always like to remind everyone about.

You'll also find information on Pearl Harbor, Universal Human Rights Month and National Drunk and Drugged Driving (3D) Prevention Month.

December 8th marks the 25th anniversary of the death of John Lennon. Lennon was one of the major influences in my life. I have included several related websites in the General Zone this month.

I offer up a few of my favourite John Lennon quotes:

"Life is what happens while you are busy making other plans."

"God is a concept by which we measure our pain."

"If everyone demanded peace instead of another television set, then there'd be peace."

SPECIAL NOTICES RADIO HF GIFT CERTIFICATES

You still have time to order products and receive them in time for the holidays. There are several new publications from ARRL and RSGB this month. Please check them out in the Publicity Zone.

Once again this year Radio HF gift certificates are available, in any denomination. They are an excellent idea for those of you who just aren't sure of which specific gift to buy for that radio hobbyist in the family. They can be used on any purchase at any time and they have no expiry date. Contact Radio HF for information on gift certificates.

THE MONTHLY SURVEY

LAST MONTH'S SURVEY

Last month's question was:

If you could leave home today to visit any city around the world, which city would it be, and why?

We received 16 responses to the question. Only one city received more than one vote. That was Sydney, Australia. Others included London, Rome, Paris, Vienna, Venice, Rio, Bern, Bonn, Istanbul, Chicago and St. Petersburg. Two out of the ordinary votes went to

Curitiba, Brazil and Whakatane, New Zealand!

THIS MONTH'S SURVEY

Our question this month is about the Radio HF Internet Newsletter itself. The Newsletter is currently sent out to over 1500 e-mail addresses around the world each month. In the Radio, General and Fun and Services zones each month, I try to offer up a variety of subject-matter. The subjects covered have expanded over the years. I would like everyone to rate the importance level of each of the sub-sections of the Newsletter using the following rating system:

1) Extremely Interesting to Me
2) Somewhat Interesting to Me
3) Of No Interest to Me

These are the various sub-sections which you should rate:

THE MONTHLY SURVEY
THE COMMENTS ZONE
THE MONTHLY SPECIAL ZONE
THE RADIO ZONE
THE GENERAL ZONE
THE FUN & SERVICES ZONE
THE RADIO HF PUBLICITY ZONES
THE HAMFEST/FLEAMARKET AND SPECIAL EVENTS ZONE
THE RESOURCES ZONE

Please send your response, by e-mail, to hfnewsletter@...

For three hours a day, five days a week for 15 years, millions tuned in to CBC Radio's Morningside and Peter Gzowski. Despite Gzowski's disheveled appearance sweaters with cigarette burns, big glasses

and pockmarked skin - this beloved radio host cast his folksy charm across the country. When Gzowski died in 2002, Canadians paid tribute to the broadcaster whose stammering informality and comforting voice had become a symbol for Canada. This page on the CBC's webpage features 23 radio and television clips highlighting Peter's career.

VIA Sheldon Harvey, Greenfield Park, Quebec

Montreal, Canada is hosting the first meeting of the Parties to the Kyoto Protocol in conjunction with the eleventh session of the Conference of the Parties to the Climate Change Convention, November 28 to December 9. The conference is an historic event. Not only are the Parties to the United Nations Framework Convention on Climate Change (UNFCCC) meeting for the 11th time, but 2005 also marks the entry into force of the Kyoto Protocol. At Montreal, the first ever meeting of the Parties to the Protocol (MOP) is running parallel to the Conference of the Parties to the Convention (COP). The United Nations Climate Change Conference is set to be the largest intergovernmental climate conference since the Kyoto Protocol was adopted in 1997. Some 10,000 participants are expected.

OF SPECIAL NOTE: Elizabeth May of the Sierra Club said, "We have a lot of positive, constructive American engagement here in Montreal - and none of it's from the Bush administration, which represents the single biggest threat to global progress." The U.S. has refused to ratify the Kyoto Protocol.

Bagism is the place for fans of John Lennon and The Beatles to come together and learn, educate, and have fun. BEST REJECTED ADVERTISING

http://www.bestrejectedadvertising.com/

VIA Yahoo Weekly Picks

TAKE BACK THE MEDIA

http://web.takebackthemedia.com/geeklog/public_html/

VIA Sheldon Harvey, Greenfield Park, Quebec

Edward R. Murrow stated "No one can terrorize a whole nation unless we are all his accomplices." The mission of this site states: "The public airwaves in this country have slowly been taken away from the public. There was a time when broadcasters were called upon to be responsive to the needs of the citizenry and present all sides of any given issue. It was part of their calling - to be the Watchdog of Democracy. Now, something is wrong here. Very, very wrong."

SOUND TRANSIT

http://soundtransit.nl/

VIA Yahoo Weekly Picks

This collaborative hub dedicated to field recording and phonography features a huge collection of far-out sounds. Clicking around the catalog at random, we found percussive chants from a Hindu ceremony in Kuala Lumpur, lively strumming from street buskers in Berlin, some deeply unsettling bomb concussions from the invasion of Baghdad, and the gentle lowing of Angus cattle on the Isle of Amrum. With the transit map, you can sample sounds by geography, and there's even a nifty travel feature that encourages you to book "sonic journeys" from one country to another. And if you're new to the whole field recording genre, the artists' page features links to a number of informative individual resources. So tune in and turn on.

My apologies to some of our subscribers, who may be Bush supporters, but I just couldn't resist including this page. The webmaster states "Some have said this site is mean. But if it's mean, it is only because of the sad truth that George W. Bush is dumb. If he were smart the site wouldn't be mean, it would be silly. Perhaps as Dubya has said recently, "there ought to be limits to freedom."
